

JIMMY PINO

Tel. 305.610.9096 – Email: jimmy.pino@gmail.com

Objective: To develop creative and innovative software applications based on object-oriented programming approaches that allow a more efficient allocation of resources and interactive content.

Education: B.S. Degree, Computer Science. University of Nebraska, Lincoln.
Minor in Mathematics.
Graduation: December 2002.

Experience: **Crispin Porter + Bogusky**
Social Media Evangelist January 2011 – Present
Sr. Interactive Developer July 2009 – Present
Interactive Developer February 2007 – July 2009

Develop interactive software applications integrating front-end technologies such as jQuery, Javascript, CSS/CSS3 and HTML/HTML5, emphasizing on scalability, mobility, and social engagement.

Assist in the front-end development of websites for Old Navy, Burger King, Volkswagen, Domino's, Baby Carrots, and Kraft Macaroni & Cheese among others utilizing advance programming technologies, stressing responsive design and positive user experience.

Conduct extensive research of social media platforms such as Facebook and Twitter to better integrate interactive content using their API's and reviewing privacy policies.

Work as a team member to provide ideas as to how to better improve code based systems for future maintenance.

Support external communications within departments for a better utilization of social media resources.

Development of experiments in the form of interactive prototypes that help envision the final product without committing to set constraints.

Create bridges of communication with third party companies to allocate development resources that would fit the client's most essential needs.

World Olympians Association

Regional Director August 2005 – February 2007
Activities Coordinator August 2003 – August 2005

Helped in the development and maintenance of the organization's website and database system utilizing HTML, CSS, Javascript, PHP and MySQL.

Applied advance knowledge of object oriented programming to encapsulate information and provide a clearer code based system.

Lead the Americas region through programs that enhanced the quality of life of the Olympians in the area and their communities.

Worked with local, national and international organizations to bring Olympism to their regions between and during Olympic years.

Integrated and updated office resources using advance programming techniques in order to increase the productivity of the organization.

Coordinated projects that involved the creation and management of programs which helped Olympians and the Olympic Family to keep in touch with one another through direct communication.

Freelance Web Developer

August 2000 – Present

Apply advance knowledge of jQuery, jQuery Mobile, and Javascript to provide front-end user interactions that fits desktop and mobile devices.

Utilize responsive design with the assistance of front-end technologies (CSS3/Javascript, jQuery) and back-end technologies (PHP, .htaccess) to allow users to employ different devices and experience the same level of support and interactivity.

Create web base applications using calculated and well designed approaches that enable users a better usage of their desired information.

Strong front-end programming and designing skills with multi-tasking experience and attention to detail.

Programming Skills: Advance Web Standards Development Experience

HTML, HTML5, CSS, CSS3, Javascript, jQuery, Ajax, Web Mobile Development, PHP, MySQL.

Additional Development Experience

Facebook API, Adobe Actionscript AS2/AS3.

Design Experience

Adobe Photoshop

Adobe Fireworks

Adobe Dreamweaver

Spoken**Languages:**

English, Spanish

Volunteer**Activities:**

Part of the Big Brothers Big Sisters program
Volunteer Speaker

Awards:

Whopper Sacrifice. 2009.
Cannes Titanium
Cannes Gold
One Show (Gold)
Grand Clio – Fresh Approach
Gold Clio
Andy Awards (Gold)
ADC (Hybrid)
ADC (Gold)
London International (Grand Prize)
Yellow Pencil – Online Advertising
D&AD – Digital Innovations

Athletic**Honors:**

2000 Olympic Games Participant
Colombian National Champion – Track and Field
South American Champion – Track and Field
Athlete of the Year Award Recipient
Named among the 35 most fittest people in tech by Mashable.com
